Enhance Cleaning

No Hassle! Enhance Services takes care of all your cleaning needs so you can get on with the other things that matter. We can combine our cleaning services with landscaping, property maintenance and property management for an all-inclusive package that meets all your cleaning and maintenance requirements.

Great Results

Over the years we've built strong relationships with clients in the commercial, industrial, education, retail, aged care and business sectors. Our reputation is down to the expertise of our team and the quality of training our staff receive.

Unlike many other cleaning companies, we focus on hiring employees with relevant cleaning skills and experience. This helps us ensure our clients' standards are met or exceeded on a consistent basis.

Enhance Cleaners:

- Understand and respect your rights and privacy
- Wear clearly recognisable uniforms at all times
- Display recognisable ID
- Communicate courteously and professionally
- Are smart and well presented

You won't have to worry about anything - our team will arrive equipped with all the materials and equipment they need.

ISO Accredited

Enhance is accredited for ISO standards in OHS, Quality and Environment.

As an accredited organisation we design and establish site-specific plans and work specifications for every property we clean. This ensures a high quality, individually tailored experience and great results for our customers.

Let's get cleaning! Are you ready to experience the Enhance difference? Call us today to chat more about your cleaning and property service needs.
